

Two Rivers ATV Club

The purpose of the Two Rivers ATV Club is to join together people with an interest in off-roading and specifically the use of ATVs. This club offers a place to meet people that enjoy riding their ATVs, build friendships, and help promote the positive and safe use of ATVs. This club will work together with local government to protect our off-roading rights as well as work to open new off-road parks and protect the ones that are currently open.

Two Rivers ATV Club members have great pride in our environment. We have adopted Mitchell Park in East Moline and schedule days to clean the park and have donated picnic tables to others parks.

There are many benefits to being a Two Rivers ATV Club member. Our monthly meetings are a great source of information for new riding areas and general ATV discussions. The club meets at The Moose Lodge in Rock Island on the first Thursday of every month at 7:00pm. Members also receive membership cards entitling them to discounts at our supporting dealerships. Benefits also include a quarterly magazine, two schedule "point" rides every month, and special invitation only rides by private land owners and other ATV clubs and parks.

Please visit our website at www.tworiversatv.com to view pictures of past rides and club events or visit our club forum.

2009 Board of Directors

President: Eric Taflinger
Vice-President: Dave Fraker
